

**GAME DESIGN &
DEVELOPMENT**

Quinnipiac
UNIVERSITY

December, 2023

CAS-CIAC is pleased to announce that Quinnipiac University's Game Design and Development Program is the title sponsor for the CAS-CIAC eSports Championships for the 23-24 academic year.

For students serious about gaming, consider a career in the fast-growing and fast-paced gaming industry. Quinnipiac University's top-ranked BA in Game Design and Development program will provide you with a comprehensive background in game and interactive media design alongside hands-on experience through game labs, research projects and internships. The skills you acquire will prepare you for a variety of fulfilling jobs from designing virtual reality experiences for theme parks to developing military training simulations, creating games for the healthcare industry or even revolutionizing course delivery in schools.
